Set within the highly sought-after Emerald Hills in Dubai Hills Estate, this brand new custom-built mansion spans 17,258.00 sq.ft. Unfolding across six bedrooms, the home is defined by its tasteful finishes and expansive spaces. The home opens with a vast open-plan living space anchored by double-height proportions and natural light ushered in through floor-to-ceiling windows. Pivot doors separate a formal reception from an informal living area that shares the floor with a stunning front kitchen. Well-fitted, the kitchen boasts an island with a breakfast counter, and is complemented by an exquisitely-appointed chef's kitchen.

An upstairs lounge area overlooks the informal living space downstairs. Each bedroom is finished to the finest of standards — featuring herringbone flooring — with an ensuite complementing these sanctuaries with relaxing fittings of their own. The master suite enjoys a walk-in closet, and a his-and-hers ensuite bathroom accented by a stream room. Outdoors, lush landscaping encloses a large swimming pool with an elevated lounge area and a shaded pergola. The villa benefits from lift access and community comforts, with Dubai Hills Estate offering easy access to key landmarks.
